RAILROADS: Norfolk & Western Railway, Railway Express service.

BUS SERVICE: Virginia Stage Lines, "Trailways".

MOTOR FREIGHT: Old Dominion; Overnite; Flemings; Associated; Roadway; Pilot; McLean and several others.

COMMERCIAL AIR SERVICE: Raleigh-Durham Airport. Eastern Airlines Danville, Va. Capitol Airlines.

Plans for local landing strip being developed by Tri-County Committee.

POWER

Carolina Power & Light Company — supply. Rates comparable to Southeastern Communities, or lower. C. P. & Light Company is constructing the largest steam generating plant in their future system, in Person County. The first turbine-generator, scheduled for completion in 1966 will have a capacity of 500,000 horsepower. The second unit, to be completed in 1968 will be about 75% larger, and with a capacity of 872,000 horsepower. The two combined units will have a capacity of producing 8.9 billion killowatt-hours of energy a year. These two units will cost approximately 100 million dollars. The C. P. & L. Co. expect to spend 325 million dollars in electric power development in Person County, and provide Person County with Tax benefits of untold value, since Carolina Power & Light Company is a "free-enterprise; tax-paying corporation", and in addition to the tax benefits, there are many additional benefits the community will derive from this development; including an unlimited supply of electric power for existing and new industry; including added payrolls; recreation attraction by the 3750 acre lake, and many other associated facilities.

FINANCE AND BUSINESS

Banks: The Peoples Bank (home owned) resources as of Dec. 1964 $14,399,150.76

Central Carolina Bank & Trust Co. with total resources as of Dec. 31, 1964 $69,899,834.44
(has active Branch Bank in Roxboro)

Roxboro Savings & Loan Association; resources as of Dec. 31, 1964 $10,994,924.44

Home Savings & Loan (Roxboro Branch) reported total resources in all Branches for Dec. 31, 1964 as $50,211,782.68.

TAX STRUCTURE

1964 Assessed Valuation, City of Roxboro.	$15,272,632.00
1964 Assessed Valuation, Person County	$57,500,000.00

(Continued on page 11)

(Continued from page 10)

TAX RATES

1964 — City of Roxboro ________________ $1.20
1964 — County of Person ____________________$1.20

Taxable rate, 2/3 value of actual current value. No forseeable increase in tax rate, but should enjoy sizable increase in valuations, with addition of Carolina Power & Light Company's huge steam plant, plus new Industrial & Commercial Development together with increasing personal property development and additions.

TELEPHONES

Approximately 2.5 million dollars spent in County on new telephone installations of equipment, housing, telephones, etc. with additional users being added monthly.

WATER AND SEWER IMPROVEMENTS

Increased pumping and filter-plant processing facilities, together with increased Clear Water Storage Expansion of water and sewer lines to industrial and residential areas in and out of the City limits. The construction of a new Sewer Treatment plant, with special pumping station for industrial area, were completed this past year through the joint efforts and financing of the City, County and Federal Government. The completion of the C. P. & L. Lake, as an additional source of raw water to supplement the City owned lake with a storage capacity of 1,025,000,000 gallons capacity should enhance the area's bid for future industrial expansion.

LABOR FORCE

Despite the addition of three new industrial firms in the County within the past 12 months, and the expansion of existing firms, requiring additional labor; the supply remains quite adequate, and the conditions are considered excellent. Existing firms have expressed satisfaction with the skills of the labor employed and trained, and some labor presently commuting to other jobs in nearby areas, are anxious to find employment at home. This labor is skilled in various types of employment.

Employment in Person County is about equally divided as to Industry and Agriculture. Although flue-cured tobacco still remains the chief income source for agricultural employees, our farmers are diversifying their activities, and cattle, hogs, poultry, small grains and timber production are prominent on the farms in this area. A large percentage of our Industrial employees here, live on the farms, commuting to their work daily, and assisting with farm activities as well. There are six auction tobacco sales warehouses with approximately 175,000 sq feet of floor space for tobacco sales. Each season approximately 12,000,000 pounds are sold on the local market, putting approximately $7,000,000. into the hands of producers. Person County produces approximately 16,000,000 pounds of tobacco each year, of high quality. Also located here is a modern re-drying plant for tobacco; several small grain markets and mills in the area, together with facilities for handling other farm products from farm to market.

(Continued on page 12)

(Continued from page 11)

The Industrial growth and development in our community has been most gratifiying over the past several years. During the past year, three new plants were located here, bringing a diversified type of manufacture as well as increased employment and pay-rolls. There are 23 manufacturing or processing firms in the County, some, very small, and others of considerable size. Income from this source will run around 15 million dollars annually.

COMMERCIAL

Retail Sales continue to increase monthly, and Person County showed the greatest percentage increase in Sales over any other County in North Carolina, for 1964. The Retail stores are above average for communities of like size; and the community has excellent coverage in Department stores, grocery & food stores, including locally owned and chains. Additional Food Centers, Drug Stores, and ladies wearing apparel were completed last year with a modern Shopping Center located within the city limits. Ladies and men's shops, jewelry stores, hardware and farm equipment and machinery distribution and services. Automobile Sales and services of most all makes of cars; well equipped garages and repair shops, auto and home accessories, including an excellent line of appliances, both electrical and gas. Building materials and supplies; sporting equipment of all kinds, including boats, motors, etc. together with various services in all fields, make up a well rounded community, and increased sales indicate these additions and improvements have attracted many new customers to Roxboro and Person County as a trade center. Expanded parking facilities have also enhanced this increased trade.

COMMUNICATIONS

Telephone services furnished by Morris Tel. Co. who sold their stock to Western Power and Gas Company have spent over 2 million dollars in area, improving the telephone service. Modern dial service equipment having connections with A T & T and subsidiary companies for long distance services.

Also, Western Union Telegraph Co. with an uptown associate office.

POSTAL RECEIPTS

Postal receipts continually increase each year with 1964 showing $108,000.00 in receipts as against $82,545.00 in 1962.

There are four Rural Free Delivery routes operating from Roxboro Post Office, and three City Routes. Five or more postoffices located in the County, together with services from adjoining counties, serve parts of the County, and area.

COMMUNITY PRIDE AND CO-OPERATION

Roxboro and Person County enjoy a fine relationship in community undertakings, embracing all races, organizations and programs of any worthwhile nature. New-comers repeatedly attest that the citizens of Roxboro and Person County live up to our motto; "The Courteous City."

Additional and specific information may be obtained by contacting the Roxboro Chamber of Commerce, P. O. Box 209, Roxboro, N. C.

ELECTRIC POWER

Measures of Value...

The dollar is an accepted measure of value. So are the All-Electric Building Award and Gold Medallion symbols.

For business, industry, schools and churches, the All-Electric Award means that flameless electricity is the only source of energy for the building. It is used for heating and cooling as well as for lighting and power.

In homes and apartments, the Gold Medallion is a symbol of the luxurious comfort, convenience and practical economy of modern flameless electric living.

If you would like more value for your dollar, investigate All-Electric. A CP&L Representative will be glad to give you more information. Just call your nearest CP&L office.

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CASHIERS! TELLERS! CLERKS!
Do your employers furnish you with the latest edition of the City Directory?
You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory? You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CASHIERS! TELLERS! CLERKS!
Do your employers furnish you with the latest edition of the City Directory?
You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?
You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CASHIERS! TELLERS! CLERKS!
Do your employers furnish you with the latest edition of the City Directory? You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory? You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?
You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory? You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

GIVING NAMES OF HOUSEHOLDERS, THE NUMBER OF OCCUPANTS IN EACH HOUSE AND DENOTING BUSINESS PLACES

VOL. V 1965 - 1966 VOL. V

NOTE—Streets are arranged in alphabetical order. All house numbers are arranged numerically following the description and location of each street, giving the name of householder. The number in parenthesis after name denotes number of occupants in each house.

Dash (—) before name denotes that number is wanting.

(◎)—Before name denotes home-owners.

(*)—Purpose of star (*) in front of name is generally used to denote colored person or firm, but its use is so varied that we assume no responsibility for errors or the wrong use of same.

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?
You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

This Publication is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and directory of buyer and seller.
5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.
